Hosey Honey

Richard & Dianne Million Hosey & sons
Midway, KY
Founded 1974

In the summer of 1974 Richard, his father, and older brother decided to get into beekeeping for summer work. When they contacted S&H Honey Company to purchase equipment they offered Richard a summer job and apprenticeship that he could not turn down. So at 17, in Richard's words, "I became a bee marine - working with bees, studying bees, and learning to like bee stings." Today Richard and his family are dedicated to their bees and their clientele providing pure, raw honey to Kentucky residents.
