KY Bison company

Goshen, KY
Founded in 1996

Owners Steve Wilson and Laura Lee Brown both grew up on farms. They bought their land to save the farm from being developed as a new subdivision with a golf course. A great deal of soul searching went into this decision, and they decided to try raising American buffalo. The healthy aspects of the low fat and low cholesterol meat appealed to Laura Lee, and restoring an endangered species that was ecologically friendly, appealed to Steve. What they truly love the most is being out in the field with the bison; observing them, working with them, and just sitting with them in nature while soaking it all in and thinking, "This is the way it used to be."
