Caffe Marco  
Clark County, KY  
Founded 2006

Caffe Marco is a small coffee roaster located in rural Clark County. Set amidst the sloping, green pastures and artfully constructed rock walls, the aroma of roasting coffee comes as an exhilarating surprise. Marco began searching for a rich tasting coffee that he could enjoy on a consistent basis claiming, "The pleasure of a smooth cup of morning coffee every morning was a simple goal, but one that lead me further than I could imagine at that time."
